

Art. 62033

Cetane Booster

Reaction time
works during operation

Application field
all diesel engines

Consumption
150 ml for 80 l diesel // 50 ml for 25 l

Application interval
add with every filling

Application Add with every filling.
Sufficient for 80 L diesel. For larger capacities add 50 ml per 25 liter diesel.

Description GAT Cetane Booster for improved combustibility of the fuel. Increases the cetane number of the diesel fuel by up to 5 points. Especially recommended for lower quality fuels.

Benefits Powerful and clean combustion and improved engine performance. Less exhaust gas and soot emissions, improved cold starting properties and smoother engine running. Reduces fuel consumption.

PU 24 x 150 ml

Packing sizes 150 ml // other sizes available on request
